DIRECTOR, REGULATION

REGULATORY OVERSIGHT

Credit Union Deposit Guarantee Corporation

Who are we?

Credit Union Deposit Guarantee Corporation (the Corporation) is the deposit guarantor and primary regulator for Saskatchewan credit unions and SaskCentral, together, Provincially Regulated Financial Institutions (PRFIs). We work closely with these institutions to ensure they employ sound business practices to enhance the strength and financial stability of the Saskatchewan credit union system.

We are seeking a confident, highly motivated professional to join our Regulation team. This team plays a pivotal part in strengthening confidence in Saskatchewan's credit union system by shaping regulatory policy, guiding preventive strategies, and ensuring the sound management of the deposit guarantee fund.

What you'll do:

Reporting to the Associate Vice-President, Regulation, you will collaborate with a dedicated team of professionals working closely with both internal and external stakeholders to uphold our mandate of instilling confidence in PRFIs. Employees in this position gain diverse experience across various facets of the financial services industry.

Key responsibilities include:

- Research, develop, and implement regulatory policy initiatives for credit unions, including contributing to the Corporation's deposit guarantee fund initiatives
- Monitor, analyze, and prepare written reports on consolidated PRFI financial and non-financial performance/risk trends
- Conduct continuous research and analysis of the financial services industry, Saskatchewan credit union system, and broader regulatory and economic environment
- Build and maintain strong working relationships that support the Corporation's goals, including proactive loss prevention and PRFI self-regulation
- Provide operational leadership to department activities to ensure corporate goals and objectives are achieved

What you'll need:

- Undergraduate degree in business administration or commerce; ideally supplemented with a graduate degree or professional designation (or an equivalent combination of education and experience)
- Five to ten years of experience in the financial services industry, regulatory environment, crisis management, or a finance-related field
- Knowledge and experience with areas such as policy development, financial analysis, financial modelling, stress testing, and enterprise risk management
- The ability to interpret and apply legislation, policy, and regulatory standards; strong research, communication, and writing skills are key requirements for this position
- Demonstrated ability in presenting information and facilitating discussions with key stakeholders, along with previous leadership experience, would be considered an asset

Core competencies include communication, innovation, leadership, problem solving and decision making, accountability, service excellence, and building relationships.
